<b>Date</b>	21 <sup>st</sup> March 08
<b>Reference</b>	iGT019 Consultation
<b>Title</b>	Modification panel membership rules
<b>Respondee</b>	Colette Baldwin - E.ON UK
<b>Position on the Modification</b>	Support Modification
<b>Facilitation of the relevant objectives</b>	
<p>E.ON believes the modification will facilitate the promotion of efficiency in the implementation and administration of the network code by ensuring that modification panel membership is fair and balanced across all parties and that no party can wield an inequitable level of influence in any constituency by having more than one panel member per organisation.</p>	
<b>Additional Information and Comments</b>	
<p>E.ON also believes that it is important that participants' knowledge of industry processes and procedures remains current and therefore it is important that panel membership is open only to those actively involved in the competitive market as either shipper or transporter.</p>
