<b>Date</b>	18 <sup>th</sup> November 2009
<b>Reference</b>	iGT025 DMR
<b>Title</b>	Window for Submitting Meter Readings
<b>Respondee</b>	Sham Afonja, RWE npower
<b>Position on the Modification</b>	Support Modification
<b>Facilitation of the relevant objectives</b>	
<p>RWE npower believe that the implementation of this modification proposal will facilitate “effective competition between relevant shippers” as it would ensure more reads are validated by Shippers and then provided to the Pipeline Operators for energy cost allocations. This we believe should improve the cost reflectivity of transportation charges.</p>
